

What is Electrocardiography?

The Electrocardiography (ECG) Ontology is a Driving Biological Project of the NCBO. The ECG Ontology will contain terms for describing electrocardiograms, their capture method(s) and their waveforms.

Discuss Electrocardiography Terminology

Please go to the [Electrocardiography Discussion](#) page to leave comments regarding the Electrocardiography Terminology.

Examples of comments may include:

- How you are using this terminology
- Why you decided to use (or not use) this terminology
- Strengths or limitations of the terminology
- Comparisons to other similar terminologies
